Eritrea Participated in the 24th African Union Summit

An Eritrean Delegation led by H.E. Ambassador Araya Desta, Permanent Representative to the African Union and UN Economic Commission for Africa participated in the 24th African Union Summit held from 23-31 January 2015 at the AU Headquarters in Addis Ababa.

The Summit was held under the theme '**2015 Year of Women Empowerment and Development Towards Africa's Agenda 2063.**'

The Eritrean Delegation made interventions on various issues at the sessions of the Permanent Representatives Committee (PRC), Executive Council and Assembly of Heads of State and Government. The texts of the interventions are available on page 2 and 3.

Chinese Vice Foreign Minister Visited Eritrea, China and Eritrea Signed Agreement on Visa Exemption

Foreign Minister Osman Saleh met and held talks, on 23 January 2015, with the Vice Foreign Minister of the People's Republic of China, Mr. Zhang Ming. The two officials held discussions on bilateral relations as well as regional and international issues of mutual concern.

During the discussion, Mr. Osman noted that the relations between Eritrea and China date back to the days of the Eritrean armed struggle for independence. He indicated that China was among the first countries that established diplomatic ties with Eritrea. He also elucidated that efforts are being made to further develop the bilateral relations to the highest level.

Mr. Zhang Ming, on his part, stated that

China considers Eritrea a strategic partner in the Horn of Africa, and that his country is keen to reinforce the existing relations.

As part of the efforts to further strengthen the relations between the two countries, Minister Osman Saleh and Mr. Zhang Ming signed an agreement that will enable government officials from both countries to undertake visits to and from without visa.

Vice Foreign Minister Zhang Ming, in remarks he gave to the media, expressed his conviction that the cooperation agreements will be implemented on time and that his country will exert the necessary efforts to further strengthen the bilateral ties.

Permanent Representative of the State of Eritrea to the African Union and UN
Economic Commission for Africa**

On the ‘Report of the Peace and Security Council on its Activities and the State of Peace and Security in Africa,’ at the 24th Ordinary Session of the Assembly of the African Union, 31 January 2015, Addis Ababa

Mr. Chairman, thank you for giving me this opportunity.

Allow me, at the outset, to convey to the august Assembly the warm greetings of H.E. Isaias Afwerki, the President of the State of Eritrea.

Mr. Chairman,
As clearly reflected in the Report, our continent is facing multiple security challenges. The rise of extremism, terrorism and human trafficking in many part of Africa is a source of grave concern.

Eritrea believes that it is important to strengthen existing and create new mechanisms of cooperation among countries of the region as well as the relevant regional and international organizations.

On its part, Eritrea plays an active role in promoting peace and security in the Horn of Africa and the Red Sea Regions. Eritrea has been actively working for peaceful resolution of conflicts, and it has firmly and consistently been combating terrorism, extremism, piracy, human trafficking and other scourges bedeviling our continent.

Mr. Chairman,
I would like to briefly share Eritrea’s views on some parts of the report.

On the Situation Between Eritrea-Ethiopia

One of the major factors hindering the promotion of peace and security in the Horn of Africa Region is the continued occupation of sovereign Eritrean territories. It has been more than 14 years since the

Algiers Agreement was signed; and about 13 and 7 years respectively, since the EEBC awarded its Final and Binding Delimitation and Demarcation Decisions.

My Delegation wishes to use this opportunity to reiterate its call on the AU, as one of the Guarantors of the Algiers Agreement, to urge our neighbor to abide by its treaty obligations and unconditionally withdraw from sovereign Eritrean territory, including the town of Badme.

Mr, Chairman,
I assure you that the end of the occupation will pave the way for the normalization of relations between the two countries, and will have a major impact in stabilizing the region.

On the Situation in South Sudan

The Member States of the Union and the international community need to strengthen their support to the People and Government of South Sudan in order for the country push forward its nation building agenda and overcome the challenges facing the process. It is also crucial that the sovereignty of South Sudan be respected.

Mr. Chairman,
In conclusion, I would like to reaffirm Eritrea’s commitment to contribute its share for the pacific resolution of conflicts, and for the creation of an environment conducive for the promotion of cooperation in the Horn of African Region and across the continent.

Thank you, Mr. Chairman!

**Interventions by the Delegation of the State of Eritrea
On the ‘Annual Report of the Chairperson on the Activities of the AU Commission’
at the AU Executive Council and PRC Sessions**

On Year of Agriculture and Food Security

The attainment of food security is critical to safeguard the dignity and security of our continent. We appreciate the work done by the Commission in raising the profile of agriculture and food security over the past year. As the theme year comes to an end, we would like to encourage the AUC to continue and redouble its effort in this area.

Eritrea has put the development of agriculture and the attainment of food security as a priority of priorities, and is making huge investment to realize this objective. As the result of this strategy, it has been almost a decade since Eritrea stopped receiving food aid.

On Access to Modern Energy Services

My delegation appreciates the work being done by the AUC under the Eastern Africa Regional Geothermal Programme which includes providing grants for surface studies and drilling, as well as training of experts.

Eritrea has enormous geothermal potential for power generation in the Red Sea Rift areas. The Government has been making efforts to harness this potential. It is also engaged with the AUC’s Eastern Africa Regional Geothermal Programme, and with other partners to develop the resources.

On Policies for Sustainable Utilization of Mineral and Other Resources

The Report mentions the African Mining Development Center (AMDC), and its objective of ensuring that Member States obtain optimal revenues from mineral resources.

Eritrea is richly endowed with mineral resources with more than 60% of its landmass covered with basement rocks rich in minerals. Currently there are

about 17 foreign mining and exploration companies operating in the country. The Eritrean mining law has provisions that optimize the revenue derived from the sector. Currently, the Government has 40-50% shares in the mining operations, as well as levies 38% income tax.

Although Eritrea is an emerging mining jurisdiction, it is ready to share its experience with interested sisterly countries. To this end, my Government has begun consultations with the AMDC to explore areas of cooperation.

On Combating Human Trafficking

My delegation wishes to express its gratitude to the sisterly Republic of Sudan for hosting the Regional Ministerial Conference on Human Trafficking and Smuggling in the Horn of Africa, in October 2014 in Khartoum. We also commend the AUC and the partner organizations for making the necessary preparations for the success of the Conference.

We would like to use this opportunity to call up on the AUC to facilitate the implementation of the outcome of the Conference as contained in the Strategy and Plan of Action. Eritrea remains committed to combating the scourge of human trafficking and smuggling, and is ready to cooperate with the participating states, the AUC, and partner states and organizations for the success of the Initiative.

On ‘Silencing the Guns in Africa by 2020’

Among the priorities set by the AUC for 2015 are activities to realize the goal of ‘silencing the guns in Africa by 2020.’ One area of focus mentioned under this priority is the need ‘to renew efforts to resolve the remaining conflicts.’ Eritrea salutes this initiative. The achievement of the goal requires Member States to unconditionally abide by Final and Binding arbitration decisions, and for the AU to shoulder its commitment in regard to the Peace Agreements it has guaranteed.

Ethiopia Must be Urged to Vacate Sovereign Eritrean Territories Including the Town of Badme

The Algiers Agreement of 2000 signed by the President of Eritrea and the Prime Minister of Ethiopia, guaranteed by the AU and UN and endorsed by the UNSC clearly states that:

*“The parties agree that a neutral Boundary Commission composed of five members shall be established with a **MANDATE to DELIMIT and DEMARCAT**E the colonial treaty border based on pertinent colonial treaties (1900, 1902 and 1908) and applicable international law. The Commission shall not have the power to make decisions *ex aequo et bono*.”*

*“The parties agree that the delimitation and demarcation determinations of the Commission shall be **FINAL and BINDING**. Each party shall respect the border so determined, as well as territorial integrity and sovereignty of the other party.”*

On the bases of the Algiers Agreement, the Eritrea Ethiopia Boundary Commission (EEBC) has delimited and demarcated the boundary between Eritrea and Ethiopia in 2002 and 2007, respectively. There is no longer a border dispute between Eritrea and Ethiopia. What we have is Ethiopia’s occupation of sovereign Eritrean territories.

The Guarantors and Witnesses of the Algiers Agreement must urge Ethiopia to respect its treaty obligations and immediately and unconditionally vacate from the territories the EEBC has awarded to Eritrea, including the town of Badme.

Eritrea has consistently reaffirmed that if Ethiopia withdraws from the Eritrean territories it is occupying in the morning, dialogue between the two countries on issues of mutual concern could start the same day in the afternoon.

Asmara Hosted the World Federation of Democratic Youth (WFDY)-Africa Commission Meeting

The regional meeting of the World Federation of Democratic Youth (WFDY)-Africa Commission was held in Asmara from 21-23 January 2015. The meeting which was attended by representatives of youth associations from several African countries was held under the theme: ***"African Youth United for Peace, Sustainable Development and Fighting against Imperialism!"***

Speaking at the meeting, the Chairman of the National Union of Eritrean Youth and Students (NUEYS), Mr. Saleh Ahmedin, explained that the NUEYS shares common values and stances with the WFDY. He further pointed out that Eritrean youth are waging staunch resistance against the unwarranted and illegal sanctions imposed on Eritrea, the occupation of sovereign Eritrean territory and the illegal human trafficking activities, among others.

Vice President of the WFDY, Mr. Dolfino Hòster Guila, stated that the organization takes pride in holding the meeting in Eritrea, a country that not only

waged persistent struggle against forces of domination but also dealt defeat to the same forces all by itself.

Mr. Yemane Gebreab, Head of Political Affairs of the People’s Front for Democracy and Justice (PFDJ), underlined the need for youth movements in the continent to exert vigorous effort towards resolving the problems confronting the continent.

The South African Ambassador to Eritrea, Prof. Iqbal Jhazbhay, conveyed a message of solidarity to the meeting from the African National Congress Youth League (ANCYL).

The participants of the meeting voiced appreciation for the warm hospitality accorded to them by the People and Government of Eritrea, lauded the prevailing peace and stability in Eritrea, and expressed readiness to foster stronger cooperation and exchange of experience with the Eritrean youth. They also seized the opportunity to visit some of Eritrea’s tourist attractions.
