

# ***JICA's Assistance to Africa***

**Kazunori OSHIYAMA**  
**Director-General**  
**Africa Department, JICA**

**September 14, 2009**

operation Agency

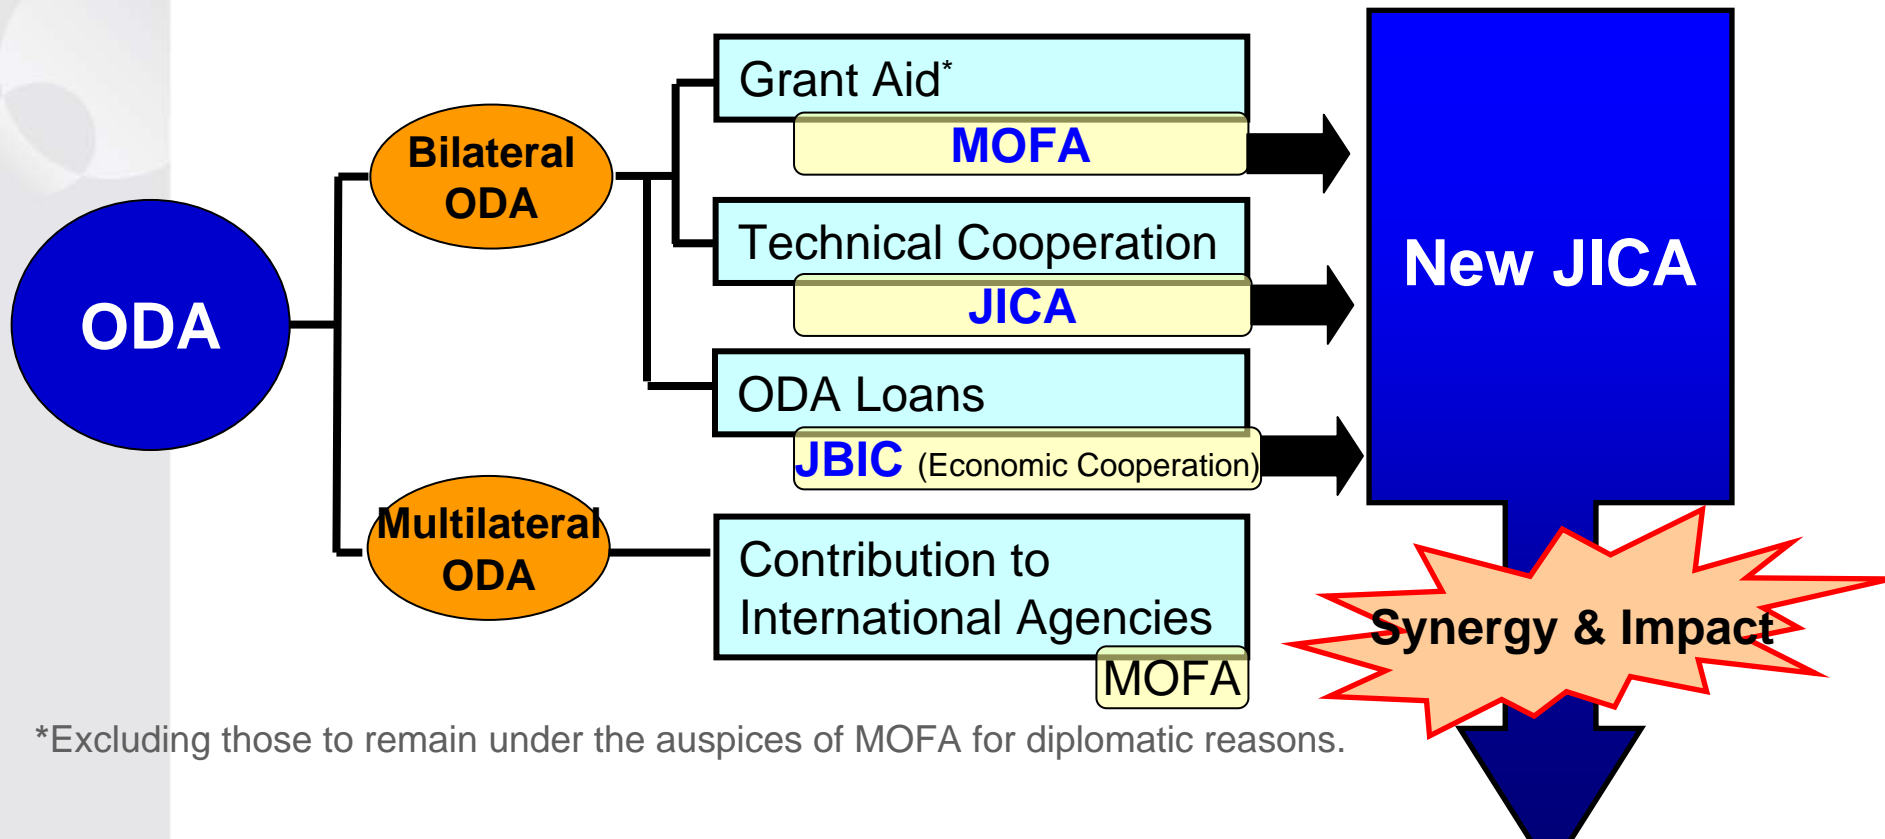

# *Contents*

- The New JICA
- TICAD IV Follow-up  
status

# New JICA (as of October, 2008)

The integration has enabled the New JICA to be more strategic, effective and responsive in implementing ODA.

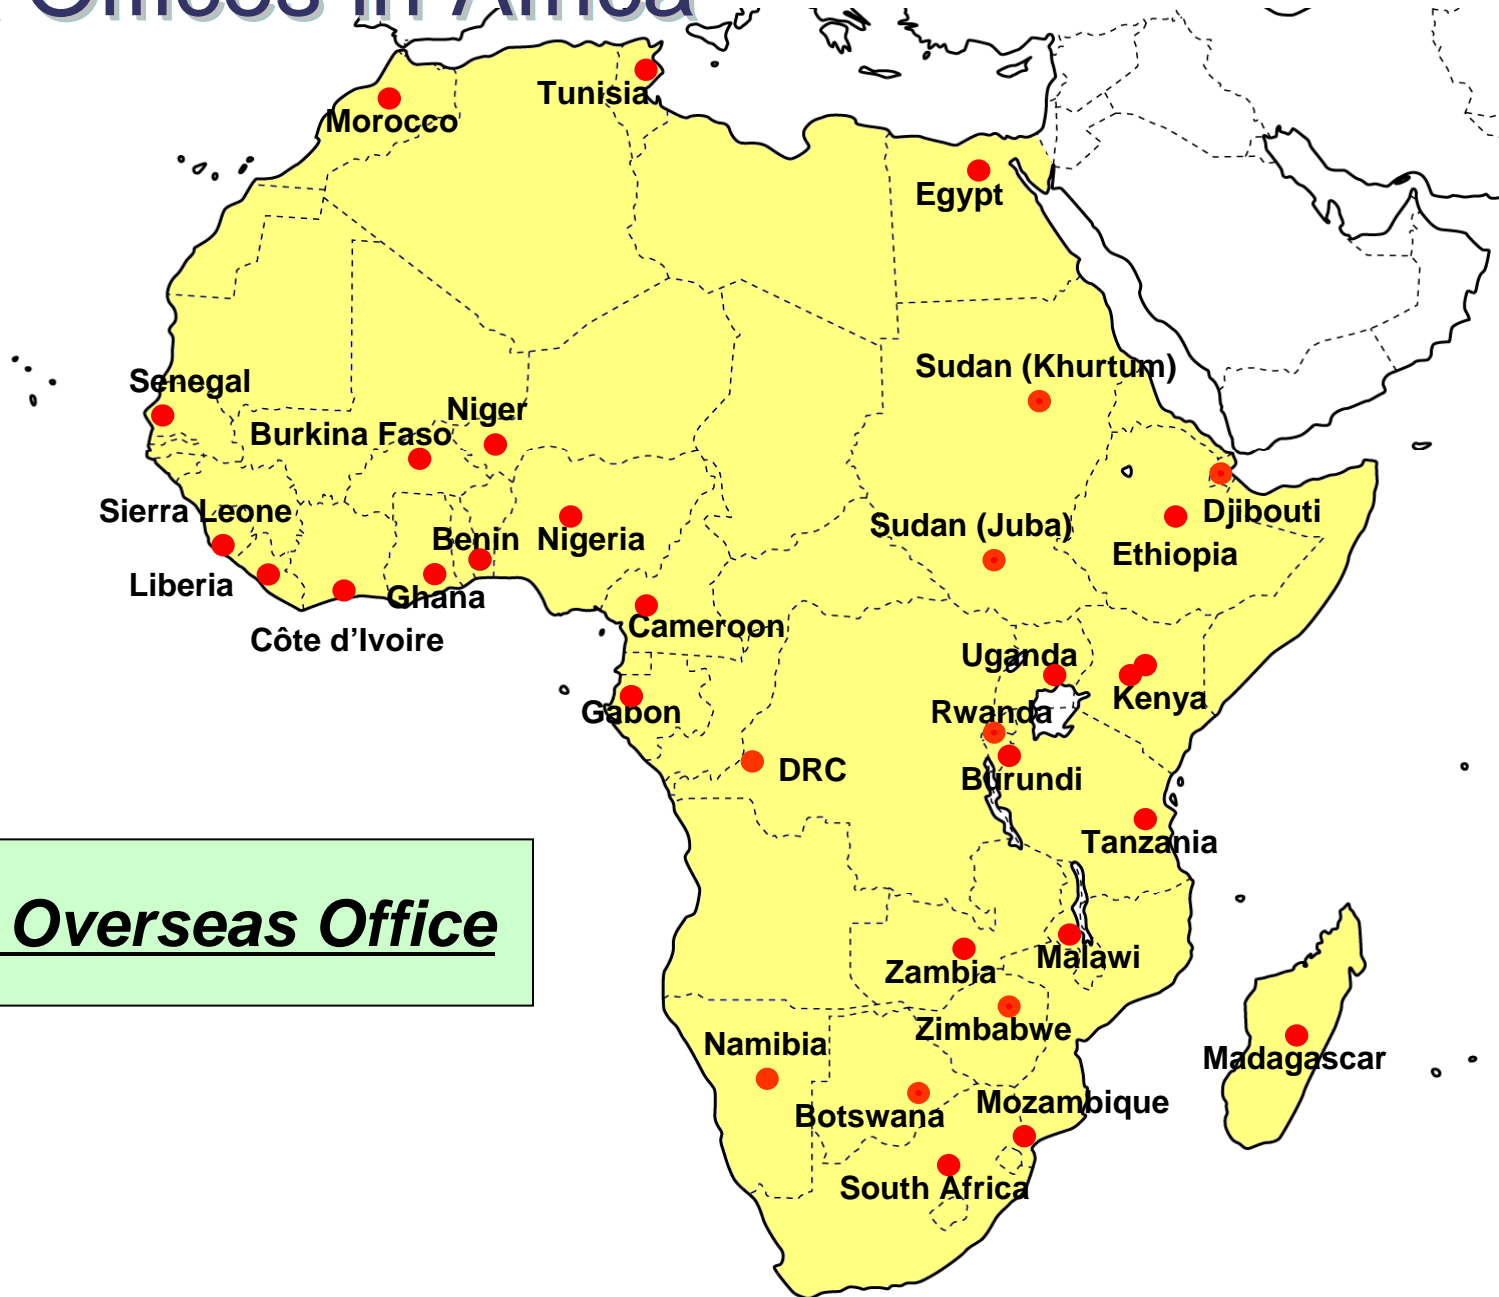

\*Excluding those to remain under the auspices of MOFA for diplomatic reasons.

Greater effectiveness, efficiency and impact with **3S** (**S**peed Up, **S**cale up and **S**pread Out)

# JICA Offices in Africa

**33 Overseas Office**

# TICAD IV Follow-up Framework

#### The Coalition for African Rice Development (CARD)

# JICA's Cooperation to Africa in line with the TICAD process

# TICAD IV Follow-Up

Africa is the top priority in allocating the budget:

- Utmost flexibility and responsiveness shown to project proposals in Africa;
- Supplementary budget prioritized for Africa;
- Environmental program grant aid vigorously applied;
- Energetically formulating new projects in ODA loan eligible countries; and
- Consultation on-going with Angola, Ghana and Nigeria to restart ODA loan projects.
- Preparatory survey missions dispatched more promptly and frequently than any other regions;

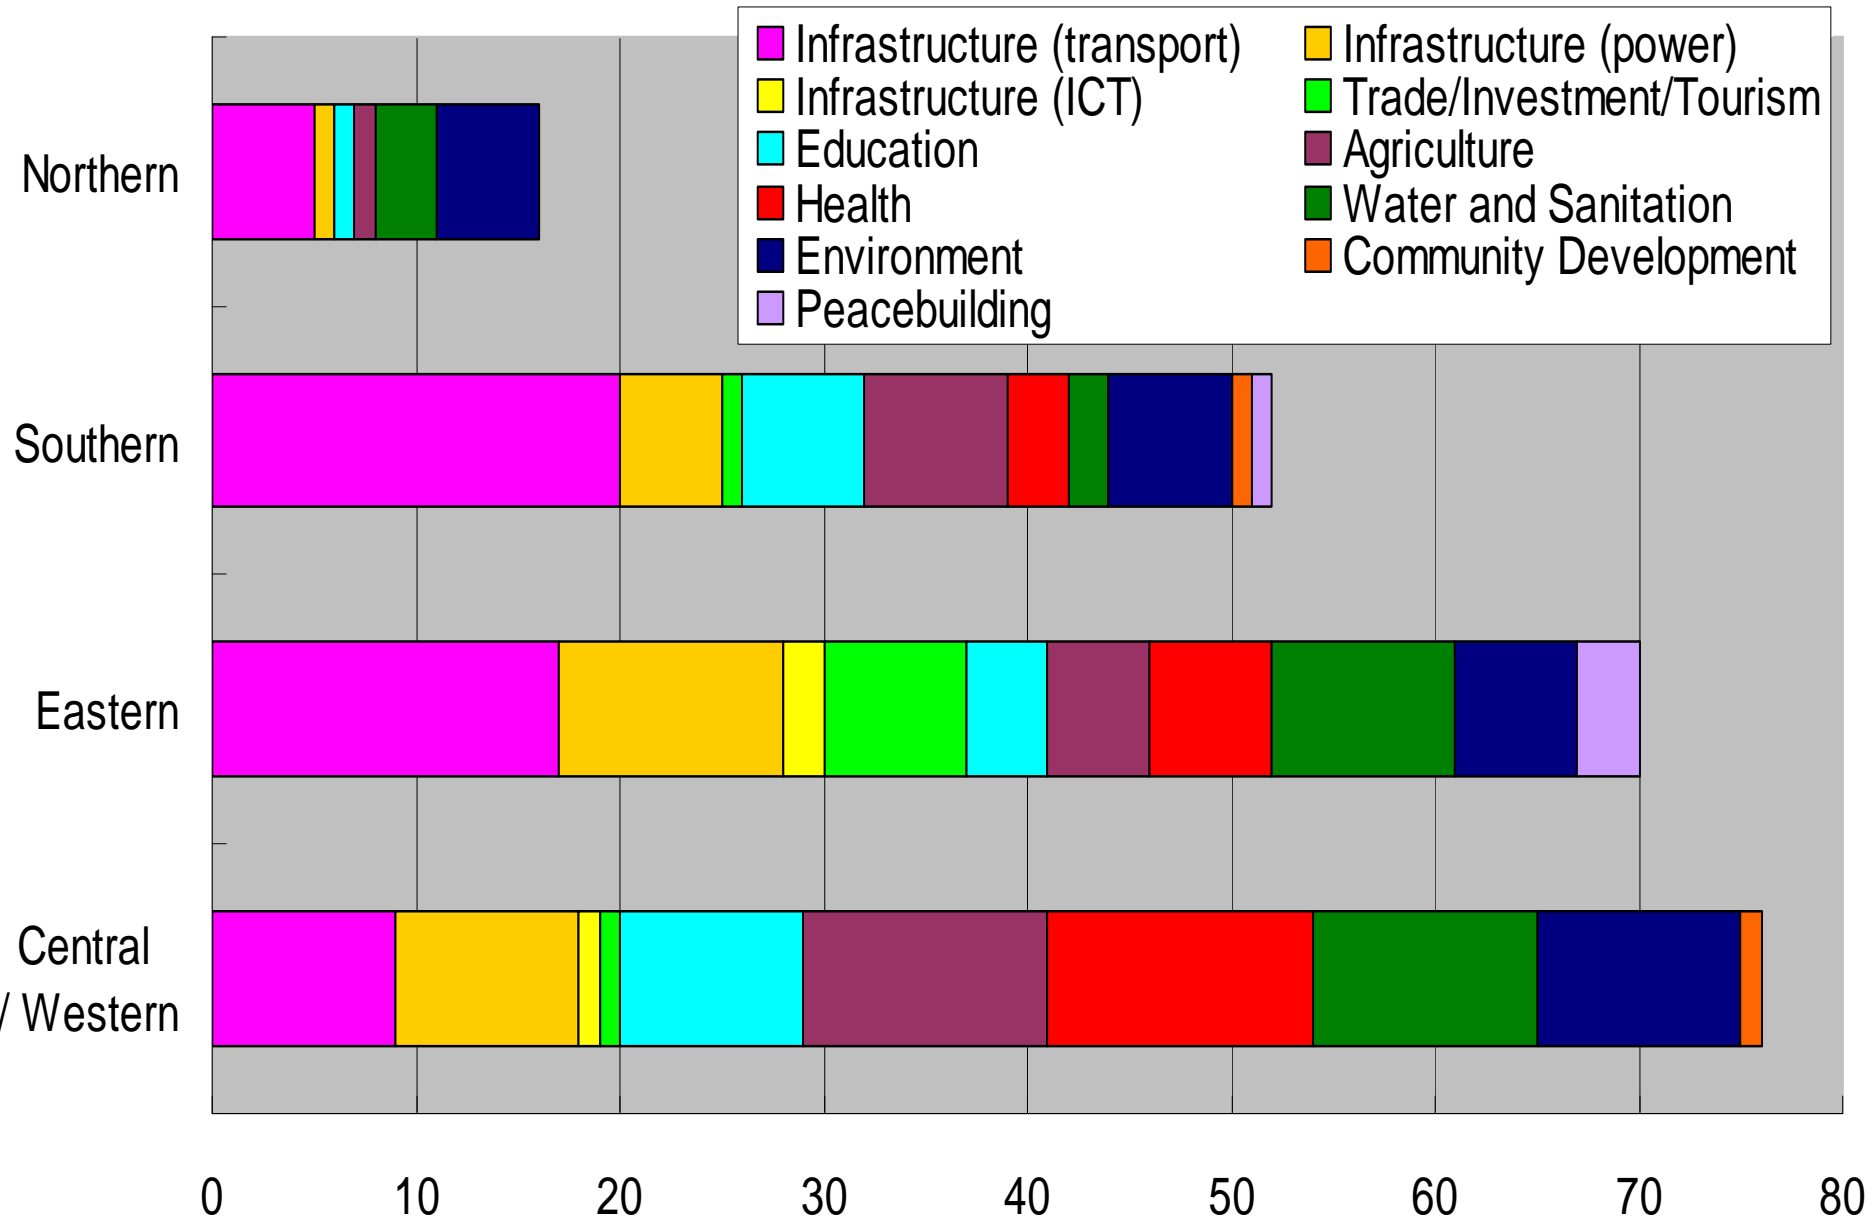

## Concrete steps to fulfill the commitments

### -Preparatory Survey Missions-

- 75 missions dispatched, of those, 25 completed (as of September 1, 2009)
- 20 projects were formulated based on the mission findings
- 33 more missions planned
- Regional balance / priority of the country respected

# Regional Distribution by sector

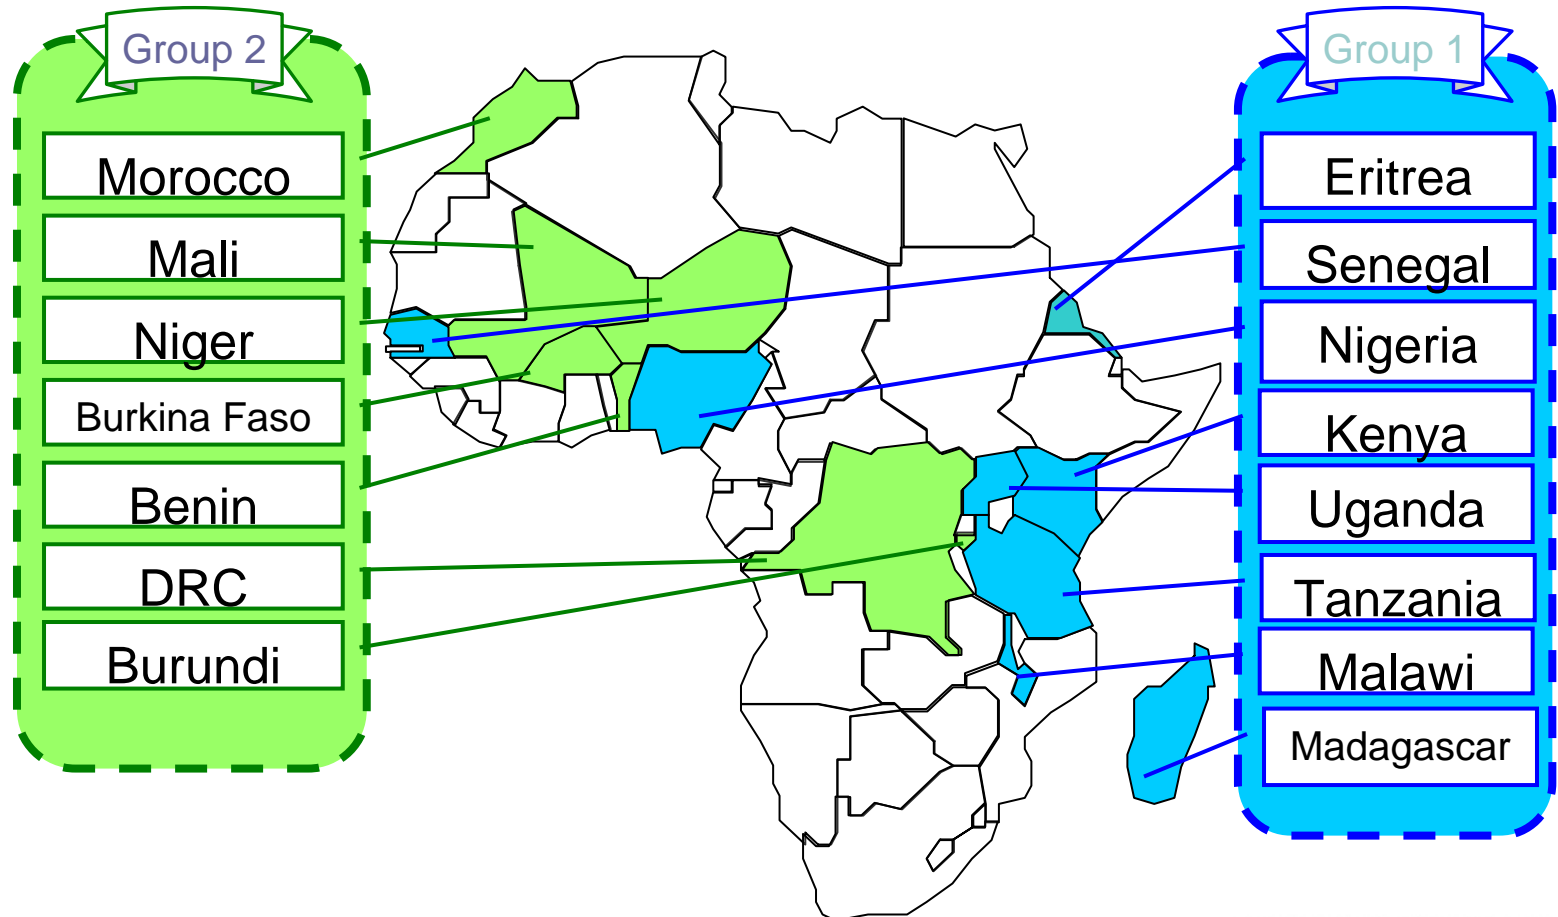

# Example 1: Health Service Improvement

<Asia-Africa Knowledge Co-creation Program (AAKCP)>

*“Total Quality Management for Better Hospital Services: A Holistic Approach to Utilizing Existing Resources” (Phase 1, 2) (2007-2011)*

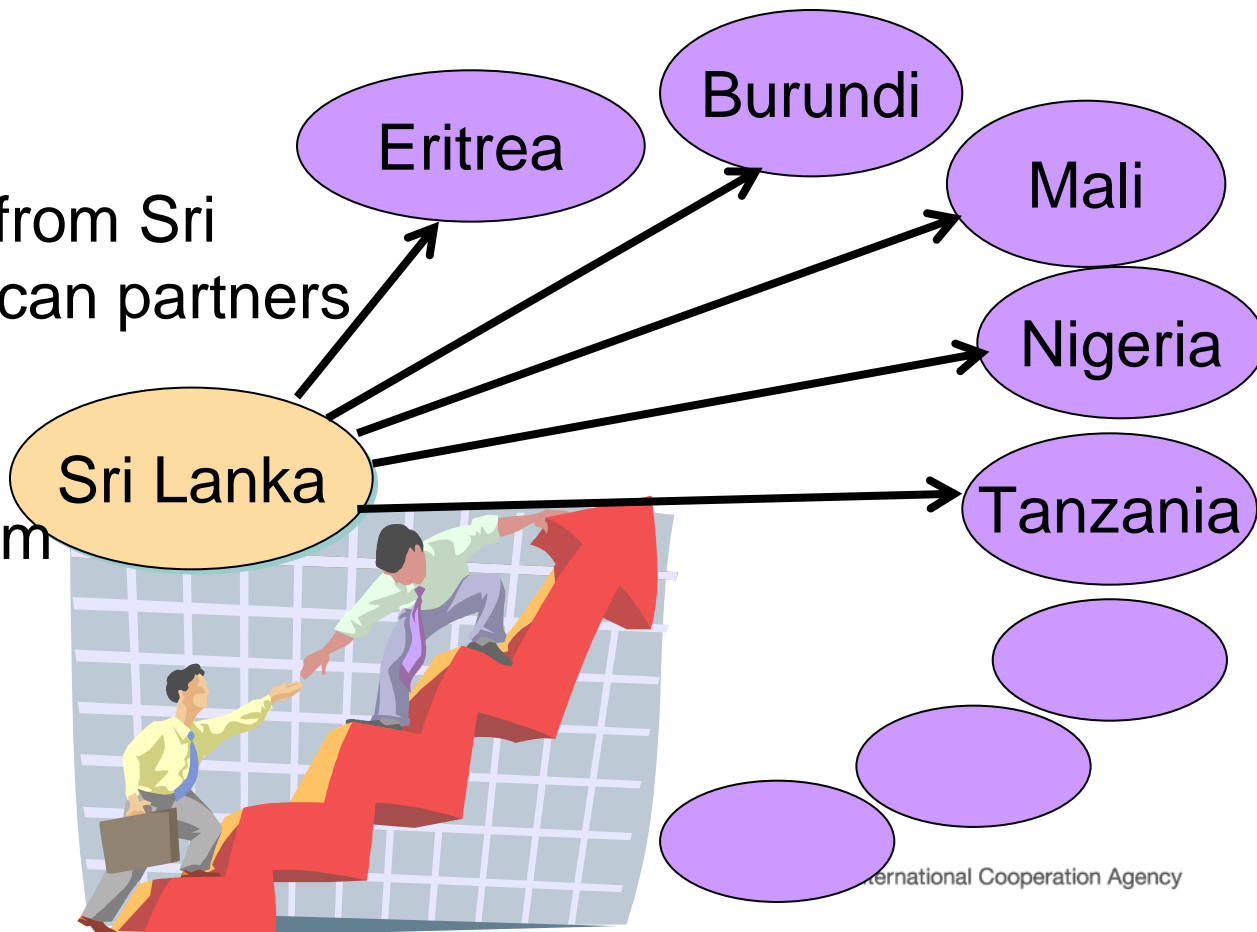

# Hospital management project with "5S"

**5S**: Management tool originated in Japan  
(**S**ort, **S**et, **S**hine, **S**tandardize, and **S**ustain)

<Step2>

Hand on 5S from Sri Lanka to African partners

<Step1>

Hand on 5S system from Japan to Sri Lanka

Japan

FEBRUARY 2008**

**August 2008**

**Before  
5S**

**MID.  
YEAR**

**After  
1 year**

# Example 2: Rice Production

## Coalition for African Rice Development (CARD)

### Goal of the Initiative

Double rice harvest within 10 years from the present production of 14 million tons to 28 million tons

### Approaches classified by agro-ecology

#### Irrigated Field

Rehabilitation of Existing Irrigation Facilities, Strengthening of Water User's Association

#### Rainfed Lowland

Establishment of Rice Development Model

#### Rainfed Upland

Expanding of NERICA Dissemination

21 Countries (12 countries as 1<sup>st</sup> Group, 9 countries as 2<sup>nd</sup> Group)

### Implementation Framework

CARD Secretariat

Located in AGRA office in Nairobi, 3 staffs from AGRA, JICA, FARA

AGRA, FARA, FAO, NEPAD, WARDA, IRRI, JIRCAS, JICA

Steering Committee Members

WB, AfDB, FAO, IFAD, WFP, UNDP, USAID, etc

Supporting Partners

# The Second CARD Meeting

## *Coalition for African Rice Development*

(June 3 - 4, 2009, Tokyo)

- **140 Participants from African and Asian Governments, International Agencies and Diplomatic Missions in Tokyo**
- **Recognized the political will towards the implementation of CARD at highest level possible**
- **Sharing lessons learnt from the 1<sup>st</sup> Group countries**

# Example 3: Financial Crisis

*Special training courses established for Africa*

Ministerial Follow-up Meeting (Botswana, March 2009) adopted the Communiqué emphasizing the negative impact on African continent

**10 new training courses established:**

**“Seminars on measures against global financial and economic crisis”**

- capacity development of the financial sector;
- at least 10 participants per course;
- expected to start as soon as this November.

Thank you
